A Different Perspective

Heart Havens believes in a different perspective - that people with a disability should be empowered and supported to be a member of our community. A perspective that looks at them as people that should be treated with kindness and respect. People with abilities who should have a voice in their everyday life.

Heart Havens' mission, to empower adults with a developmental disability to live and thrive in their community, can only be achieved in combination with others like you.

By supporting Heart Havens, you help frame the perspective to recognize the true value and worth of people with a disability.

Join us on social media to follow Heart Havens residents year-round!
